EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims

Claims 7 and 8, non-elected without traverse July 7, 2004, have been canceled.

Drawings

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the application was filed with informal drawings. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

3. Claims 1, 2, 5 and 9-11 are allowed.

4. The following is an examiner's statement of reasons for allowance: Applicant's arguments filed January 28, 2005 are persuasive therefore the outstanding rejections have been withdrawn. Specifically for claim 1, the prior art does not teach a method of

making a fluidic oscillator comprising providing top and bottom plates with channels which form an inertance loop with an inertance loop passage and connecting a pair of control ports for controlling the frequency of oscillation, the body of the fluidic oscillator being capable of assembly with different top and bottom inertance plates with different lengths of inertance loops, thereby providing oscillations with different operating frequencies, these in combination with the rest of the limitations in the claim. For claim 9, the prior art does not teach a method of molding a fluidic oscillator as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Essama Omgba whose telephone number is (571) 272-4532. The examiner can normally be reached on M-F (10-7:30) First Friday off.
